

# Sounds of the week

ew and oo (screw, blew, flew, moon, spoon, boom)

Also learning to write captions and sentences (use finger spaces, full stop and a capital letter).

Also remember to keep practising tricky words (words you can't sound out):

I, the, to, go, no, he, she, we, me, be, my, was, you, they, are, all, said, so, have, like, some, come, there, little, one, were, do, out, what.

We will continue to recap on all the sounds we have learnt so far with a focus on applying what we have learnt (using the sounds to read and write words within sentences).
