5R Superstars!

Dear Parents and Carers,

We are all really impressed with our Year 2 pupils and the resilience they have shown in doing their key stage one SATs. I have been really impressed to see how far they have come in their reading and maths over the past year and the confidence and self assurance that they have conveyed. Our wonderful Year 6 pupils have completed their revision for the KS2 SATs tests next week. We are looking forward to completing these with them so that we can get on to the Year 6 production and enjoy the rest of the term. They have all impressed us with their work ethic and the effort they have been putting in to working towards these tests. Year 6, we hope you have a great weekend and look forward to supporting you through next week, followed by a trip to the Oval next Friday to watch cricket. Good luck for next week, Year 6; give it your best and success is sure to follow. The staff and Year 6 pupils would like to request that the school support us next week by making sure that pupils are in school on time so that we can start these tests promptly without disruptions. We thank you for your support in advance. Karen Bos
